

WHITEMAN LUMBER CO.

THE OLDEST CONTINUOUSLY RUNNING SAWMILL IN IDAHO

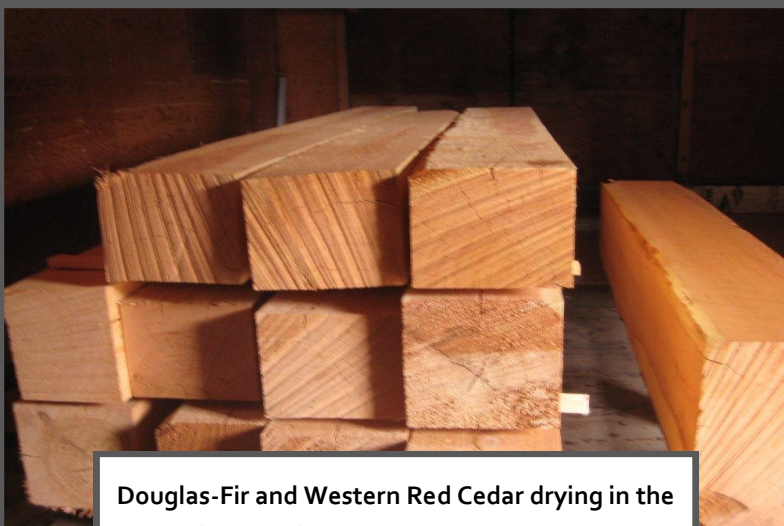

SPRING 2011 NEWSLETTER ISSUE 5

IN THIS ISSUE...

IF IT ISN'T *special*
THEN IT'S ordinary.

Here at Whiteman Lumber we take great pride in attending to the wishes of our customers. Individual attention to each piece that goes into a frame is very important and it takes people to do that. There is very little automation in the mill because machinery cannot tell how a timber looks. If you buy from us you will know that each timber that goes into your home will have gone through the personal inspection that makes it special.

There are many options to consider when buying timbers. Give me a call and we can discuss them. Thank you, Brad Corkill

WE SELL THE WAY A TIMBER LOOKS
